HIGHWAY COMMISSION CHOOSES ROUTE B

City Council Considering \$2,800,00 Budget For Fiscal 1961-62

STATE'S DECISION MEETS FAVORABLY WITH LEADERS; MAYOR IS 'DISAPPOINTED'

The State Highway Commission, after a series of exhaustive studies, this week decided on Route B as the route for the lateral freeway connecting Junipero Serra and Skyline boulevards.

Thus, the decision of the seven-man board, which meets in Sacramento, culminates weeks and months of study, discussion, often-times bitter arguments and a hotly-contested public hearing, held here recently, which saw developers Henry Doelger and George McKeon exchange sharp remarks at each other.

Route B is the route which will connect the two boulevards with the Edgemark interchange that borders Pacifica and Daly City.

The other possible route was Route A-1-D, often referred to as "McKeon's Route." This route, which would have fallen slightly to the south and outside the Daly City city limits, ran in a straight line to the west of Edgemark interchange. The Doelger Corporation was in favor of Route B.

The commission, although they were considering the feasibility of both routes, was on record as preferring Route B, as were many of the civic leaders of Daly City and Pacifica. The latter endorsed Route B strongly.

The two alternate routes caused a split in feeling among Daly City's councilmen. Mayor Robert B. St. Clair, Councilmen Joe Verducci and Edward J. Dennis were in favor of Route A-1-D, while Councilmen Frank Pacelli and Michael De Bernardi supported Route B. Mayor Harold Feyge of Pacifica was also a backer of Route B.

Reaction to the commission's decision was largely accepted favorably here. Pacelli said he was happy that the matter has been resolved in "a just and fair manner." The former mayor went on to say: "And now maybe the State can proceed in getting the lateral finally going and the areas around it can be developed without fear that they might eventually have to be razed and relocated."

Pacelli explained that this lateral will make it possible to go from Junipero Serra to Pacifica non-stop. When it and the Junipero Serra Freeway are in, possibly two or three years hence, Daly City will have a complete highway system, he said.

He added that when the com-

plete highway system is completed, it will be possible to go from Pacifica to San Francisco non-stop.

DeBernardi commented that he felt the commission's action was "the right decision. A very

Mrs. Battye Is Chosen To Be Mrs. Daly City

A 58-year-old grandmother, who, as a little girl, watched the birth of Daly City, will play a leading role in the observance of its 50th anniversary.

She is Mrs. Melford Battye, daughter of one of the area's pioneer families.

Mrs. Battye was named Mrs. Daly City last week at a Chamber of Commerce-sponsored Queen's dinner at the Steak Pit to share honors with Lynette Fishel, 16-year-old Westmoor High School junior, who was chosen Miss Daly City.

The two queens will reign over the festivities connected with the Golden Anniversary Celebration, October 7-14, and Lynette also will represent Daly City in the San Mateo County Fiesta Dream Girl Contest July 20.

Mrs. Battye was selected as representative of the generation of residents who provided the leadership for the outstanding growth and development that in half a century transformed Daly City from a refugee camp for victims of the San Francisco earthquake and fire

Our Lady of Perpetual Help School graduated 49 youngsters Monday evening during solemn services at the church.

Father Matthew Sullivan officiated at the religious ceremonies, handed out the 49 diplomas and spoke briefly to the graduating pupils and their parents. He presented various pupils with awards for outstanding accomplishment in various fields.

That morning, the 49 youngsters attended a special Mass at the church, followed by a breakfast served by the seventh grade mothers.

ROYAL GRANDMOTHER is Mrs. Melford Battye, 58-year-old grandmother and life-long resident of Daly City, who will assist Miss Daly City, Lynette Fishel, in the festivities connected with the city's Golden Anniversary Celebration, October 7-14. Mrs. Battye was named Mrs. Daly City Thursday night at a Queen's Dinner at the Steak Pit. She was selected

as being representative of the generation that has provided the leadership in the community's outstanding growth and development.

BUDGET UP 27 PER CENT; TAX RATE INCREASE DUE TO MEET CAPITAL OUTLAY

The City Council is studying and considering for adoption a \$2,840,400 budget for the 1961-62 year, an increase of over \$612,000—or about 27 per cent—more than the \$2,228,340 present budget.

The council is also studying a request by City Manager Edward Frank for a slight increase in the tax rate in order to meet the next tax budget figure.

Frank is proposing that the council approve a 10-cent increase in the tax rate from \$1.45 per \$100 assessed valuation to \$1.55 per \$100. Capital outlay projects, additional city employees and salary raises are the reasons for the budget hike.

The council and various city officers are meeting from time to time to study, and in many cases, either add to or slash expected expenditures of various departments.

The budget must be adopted by July 1. However, prior to this time a public hearing will be held. No date for a public hearing has been set yet.

Actually, if none of the items were cut from the various department budgets, the final budget would total \$3,064,766. Frank is recommending certain cuts in various departmental budgets, and comes up with the \$2,800,000 proposal.

Frank's proposed figure could change, however. The council may feel it is still too high, or they might even go over the figure he has proposed.

The city is contemplating doing considerable capital outlay work during the fiscal year beginning July 1.

Planners OK Doelger Map; Approve Permit Requests

The City Planning Commission Tuesday night approved Henry Doelger's tentative map for the second unit of Westlake Estates, consisting of 24 homes with a total estimated valuation of more than \$900,000.

This second unit will be adjacent to the first unit, and will be located east of Lake Merced boulevard and north of the Fernando Rivera School.

The Doelger concern is scheduled to appear before the City Council at the latter's June 26 meeting for approval.

Construction has already begun on some 80 homes making up the first unit. There will be approximately 106 homes for the two units combined, for a grand total valuation of more than \$4,000,000. The homes will be single dwellings, and are estimated from between \$30,000 to \$40,000 each.

Planners also received a North County general master land use plan, and studied it thoroughly, before expressing concern over several items being deleted from the map, such as parks that Daly City has but were not shown; also one shopping center. They wished these items to be noted.

City Engineer William Chap-

man was directed to notify the county in regards to having these items put into the map.

The Building Department notified the commission that matters found to violate the Health and Safety Code in dwellings at 134 Santa Barbara avenue, and at 77 Theta avenue, were being taken care of.

The commission approved the following variance and use permits:

Approved a variance for Golden Gate Builders of San Francisco to reduce front setback and reduce the number of parking spaces on property located on the northwest corner of 89th street and Edgeworth avenue.

THREE QUEENS — Westmoor High School took another step toward becoming the beauty center of the Bay Area with the selection of Lynette Fishel, 16-

year-old junior (center), as the new Miss Daly City. She is congratulated by two senior schoolmates, Bonnie Robin, 18, (left), whom she succeeds to the title,

and Donna Ray, 17, Miss Pacifica. Lana Green, Miss San Francisco, also is a Westmoor senior.

Time Lapse Before Permit Reapplication Is Made Urged

An established period, in which time "domestic tranquility" might be restored to "an area," in other words, a reasonable time lapse between the time a person or persons is denied a use permit, and the time they can reapply again, thus stirring up trouble again — was asked of the City Council Monday night.

Mrs. Guido Merlino, 74 Vale street, asked the council to establish a ruling that would delay an applicant from immediately reapplying for a use permit to the City Planning Commission or City Council, once either body had previously denied it, and especially if it met with a disfavor to residents of an area. She asked for a one-year time lapse between the initial denial and reapplication.

Her concern for "domestic tranquility" for the area in which she lives comes as a result of Fred Pasaro recently applying for a use permit to use a lot on Mateo street between Vale and Market streets for commercial purposes. Several citizens threatened to protest it

to the council, but Pasaro recently withdrew his application. Mrs. Merlino indicated she hoped that "a reasonable time would lapse" before Pasaro would try for a use permit again, and that a ruling was in order, she thought.

The council told her they would give her request every consideration.

George Kirchhubel, local tavern owner, appeared before the council and urged them to change their zoning ordinance to be in accordance with other cities on the peninsula and their zoning ordinances. At present, the city requires only 34-foot front footages on subdivision lots. Kirchhubel urged the council to increase it to 50 feet.

The council said it would take his request under consideration.

WHAT'S DOING

T. P. Coyne, your Telephone Manager in Daly City

Ever wonder how a criminal can be picked up quickly — hundreds of miles from the scene of his crime? The police Teletype network helps make it possible. Set up and maintained by telephone people, the network links hundreds of law enforcement agencies in this and adjoining states.

When a crime is committed, police quickly send a description of the criminal over the network. This way, law enforcement officers are alerted to be on the look-out for the suspect.

Teletype service for police, as well as newspapers, business and the military, is just one of the many kinds of communications telephone people provide for this fast-moving world.

Moments count when a doctor is treating a child who has swallowed something he shouldn't have. And usually that something is of unusual composition. Today the physician can pick up a telephone, call the nearest poison control center and get immediate information on the treatment.

The centers are manned 24 hours a day by qualified technicians who answer emergency calls from doctors. They have extensive files on drugs, household products

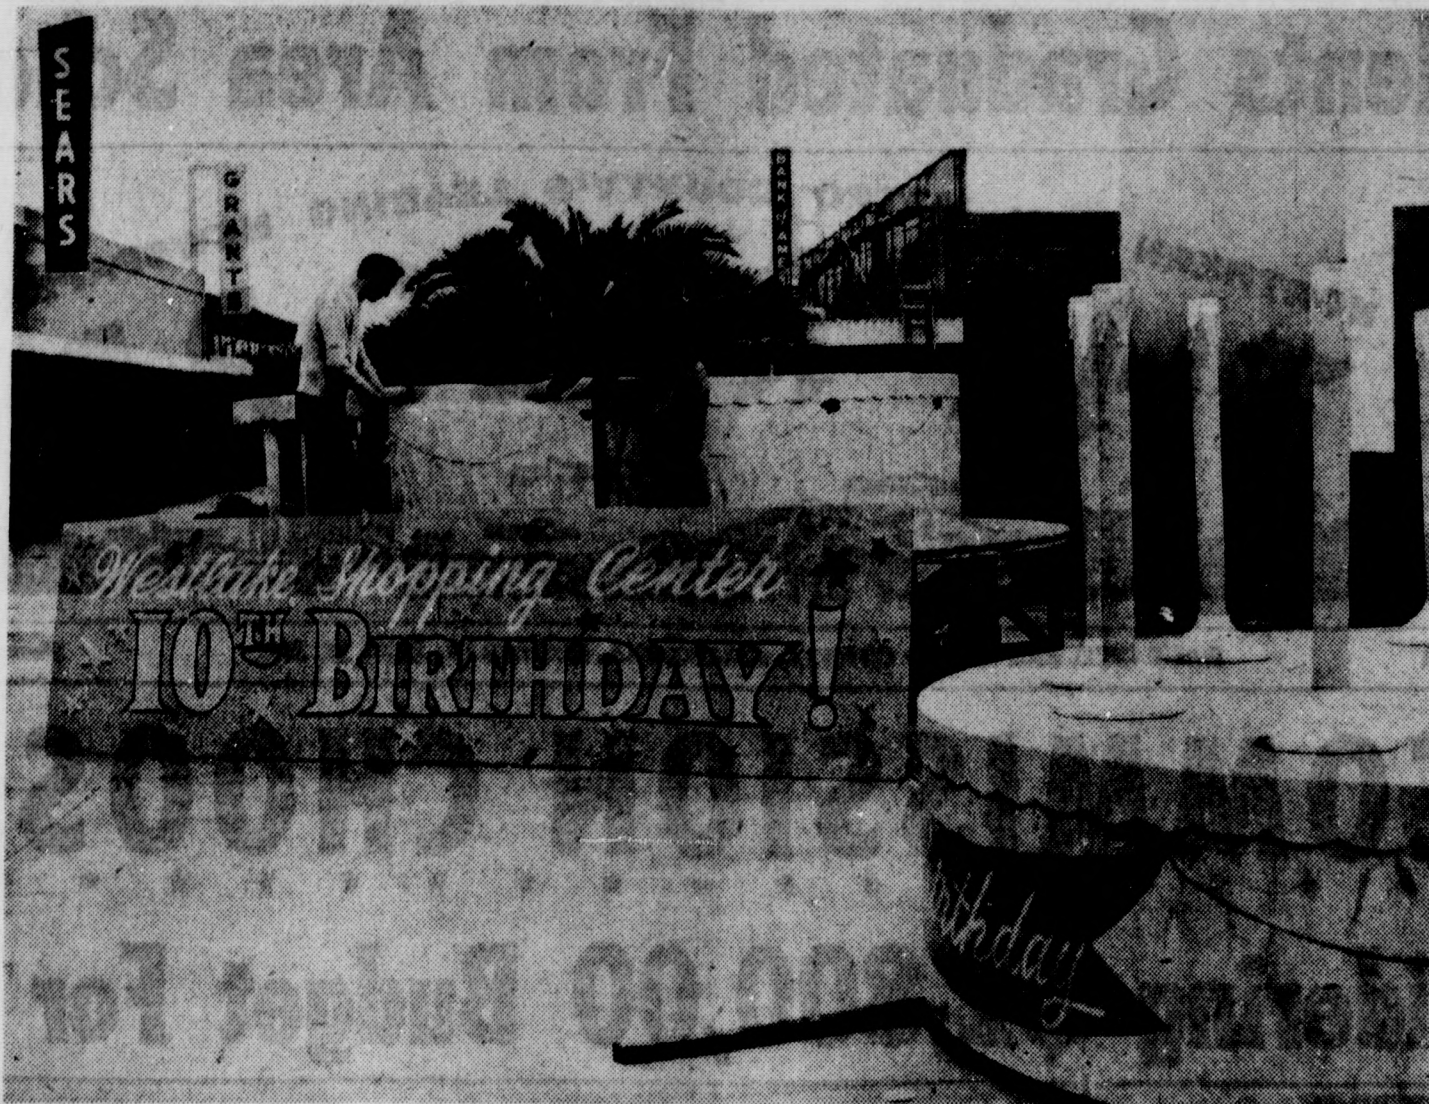

and other substances.

In the last few years hundreds of centers have been organized throughout the country. They are ready to help your doctor and hospital. It's the telephone that has made possible the poison control centers, one of the fastest growing new developments in the public health field.

Diane Nobles is typical of the many night telephone operators who stand by, always ready to help with any telephone calls.

Other telephone people — operators, repair men, test crews — also work during the night to make sure your calls go through.

Diane is an important part of the telephone team that works day and night so that telephone service is always ready when you need it. Pacific Telephone

WORKMEN started setting up the giant birthday cake which marks Westlake Shopping Center's Tenth Anniversary. The

cake is located in the Shopping Court and will be the scene of great activity this Saturday when 5000 Westlake

shoppers will receive free cake and coffee. Service will commence at 11 a.m. and continue until the 5000th guest is served,

or 4 p.m., whichever is sooner. As a part of the program there will be a concert by the Daly City Municipal Band at 2 p.m., Saturday, June 17.

Westlake Shopping Center Celebrates Anniversary

Westlake Shopping Center was officially opened with a bang (literally, for fireworks marked the event) just ten years ago this month. The Westlake Town and Country Food Center was the first store to open its doors, located then at the corner of Alemany and Lake Merced Blvd., where Walgreens, See's Candies and Sterling Furniture Company are now located.

Today, after a decade of Westlake progress there is no longer space to send up a single rocket (the Daly City Fire Department would be horrified, at this point, at the mere suggestion), but the event will be marked by a giant birthday party, this Saturday, June 17.

At the present time the World's Largest Birthday Cake sits in the Shopping Court, awaiting its official "cutting" which will take place at 11 a.m. on Saturday, June 17. Once the cake is "cut," plans have been made to serve 5000 pieces of cake and 5000 cups of coffee free, to visitors of the Shopping Center.

During the ten years which Westlake Shopping Center has been growing the sound of hammers and power saws and general construction noises have seldom been stilled. The opening of the Food Center was closely followed by the stores in the building known as "The Westlake Building," which unit houses Compton's, The Westlake Fashion Salon, Verna's Ice Cream, Casual Aire of Westlake, The New London Shop and Crown Drug Company. This building was hardly completed before the East Wings of the center went up. By the time they were completed, tenants were already asking for more space, and the first to outgrow their surroundings was the Bank of America, for which a new, separate building was constructed; the first to go up on the "mail," or Shopping Court, as it was subsequently named. The bank initially occupied just two thirds of this building, but increased business necessitated a remodeling to include the entire structure.

Meanwhile work commenced on the three story Medical Dental building, with its coffee shop, medical pharmacy, barber shop, and beauty salon. Initially it housed the public library too, and during construction days, before the third floor was completed, parts of the second floor were used for religious services. Both Our Lady of Mercy church and the Westlake Baptist church held regular Sunday ser-

vices in the building, before their own beautiful churches were constructed.

The next move was to build the west side of the Shopping Court. And with this building, Westlake Shopping Center moved into the rank of a major shopping area. Such stores as J. C. Penney Company, F. W. Woolworth, the W. T. Grant Company, Thom McAn Shoes, Karl's Shoes, Arthur's Store For Men, Sears, Jay Vee Stores, Franklins, and the First Western Bank, all found space there.

Work here had not even been finished before the Westlake Shopping Center spread across Southgate avenue. The Southgate stores went up followed by the Westlake Bowl. The Market, first store to open in the front of the Shopping Center, outgrew its space and the huge Westlake Food Center at the Southgate side of the Shopping Court was built. The library outgrew its Park Plaza location and built its own magnificent structure among the Southgate stores. The Post Office did likewise.

Still the building continued. New stores are now under construction on the east side of the Shopping Court. Lass and Laddie will move from its present location to this larger and finer shop; so will the Miss Teen Shop, which will become Sue Scott's Fashion Apparel. A persistent rumor that a major San Francisco store is negotiating for the only remaining spot on the Shopping Court has never been denied.

The need for more office space in Westlake Shopping Center has become so great that a new Insurance and Finance building has been constructed at Park Plaza and Southgate. It will be completed about July 1.

The Westlake Merchants Association has tendered an invitation to all visitors of the shopping center on Saturday, June 17, to join in the birthday

party and have free cake and coffee. To make the event even more pleasant there will be an official band concert of the Daly City Municipal band at 2 p.m.

Budget Up

gining July 1. Improvement of all major streets amounting to a total of \$203,900 is high on the list. Also, is the construction of a \$30,000 recreation building at Lincoln Park, along with numerous water improvement projects. This, of course, adds weight to the budget total. Also causing the budget increase is the recommended hiring of three policemen, two firemen, an additional office clerk, and a planning technician.

Frank is also recommending a 2 1/2 per cent increase for all city employees, another factor contributing to the budget figure which once again sets an all-time high to keep the city in operation.

to one of the Bay Area's most desirable suburban communities. She was born in Daly City in 1903 and today lives at 141 Acton street, only half a block from where her parents, Mr. and Mrs. Louis Spani, operated a dairy ranch and extended aid to the victims of the San Francisco disaster who found haven in the quiet, rural community.

Mrs. Battye attended the Crocker Tract Elementary School and was graduated from Mission High School in San Francisco.

In 1925, she was married to Melford Battye in St. Michael's Church, then the Daly City parish. Mr. and Mrs. Battye have one daughter, Mrs. Arnold Panella, and three grandchildren, Candace, Daniel and Victoria.

Mrs. Battye's first interest has been her home and family. She was never a member of a school board or city council. She served on no planning boards or election committees and she belonged to few civic, social or fraternal organizations.

But she did provide the inspiration, the moral support and the consolation that allowed her husband to participate in these activities.

Always a willing worker for a worthy community cause, she is a former Daly City mayor and city councilman, a past president of the Fraternal Order of Eagles and a past president and charter member of the Daly City-Colma Lions Club.

And to his wife and her patient understanding, he extends the credit for his accomplishments.

"Mary has lived a quiet life, raised a family and has always supported me in whatever I wanted to do," he said. "She has been just a darned good wife."

State Decision

good one." B. Poncetia, vice-president of Henry Doelger Builders, Inc., commented: "We are very well pleased. We had confidence in the State. In our dealings over the past 10 years regarding Westlake, we've always found them to be fair and honest in their decisions."

Mayor Feyge had this to say: "We can appreciate the fairness of the investigation by the commission. Their decision was the best one for the people and the least costly to the State."

Verducci and Dennis were unavailable for comment, but Mayor St. Clair was. He admitted he was "disappointed" over the decision.

"I feel there was a misrepresentation in this thing from the very beginning, and much of it comes from the local division office some three years ago with plans they presented to the council and the freeway committee," he said.

"I supported Route A-1-D because I thought it was the better of the two, so far as people in the St. Francis Heights and Westlake Knolls areas were concerned. I talked with those people, and I know they felt Route A-1-D was the one they wanted, so I supported what I felt the people concerned in the matter wanted me to."

"Actually, Route A-1-D is a route the State originally proposed to us, George McKeon had nothing to do with it! And then they told us Route A-1-D was not feasible, and came out in support of Route B, so we went along with that, and then after some study, I and others, discovered Route A-1-D was feasible, and that's when I switched to favoring the first route the State proposed."

St. Clair said he would abide by the commission's decision.

The Rev. Louis White of the Sixth Army Presidio, San Francisco, will deliver the invocation; and Father Paul Harney, vice president of the University of San Francisco will give the benediction.

Exercises will be conducted by Principal L. Herbst, who will present the class to Noonan; and Vice-Principal J. Belmont.

Doelgers Head PAL Benefit Bowl Tourney

An organizational meeting for the Third Annual Daly City Police Athletic League Benefit Singles Tournament was held recently at the Westlake Bowl to formulate plans for the annual event, starting June 24.

Jane and John Doelger will again serve as co-chairmen, with Chief Roland Petrocchi and Captain Roy Beecher in charge of the prize committee. Representatives from many of the leagues were on hand to offer assistance for this worthy cause.

The kick-off squad to officially open the tournament is scheduled for noon on June 24. The tournament, which will run until August 6, is expected to gross \$10,000 for the youth of the area.

B'nai B'rith Women To Hold W'lake Meet

After being officially installed, the officers and members of Skyline Chapter B'nai B'rith Women will hold their first meeting of the new term on Tuesday, June 20, 8 p.m., at Lake Merced Sports Center, Skyline boulevard.

Program chairman Mrs. Bernard Feinberg has prepared an interesting program for the evening, which includes a skit entitled "Hats Off to You." Officers and chairmen will don hats and use their imagination in expressing the roll they play in B'nai B'rith for the new term. Dessert will be served before the meeting. Members and friends are invited.

Pippus-Stall Engagement Told

Mr. and Mrs. Adolph Pippus, 624 Midway avenue, Colma, have announced the engagement of their daughter, Jacqueline Lillian Pippus to Val S. Stall Jr., of San Francisco.

Jackie, graduate of Jefferson Union High School, class of 1957, is now employed as an IBM keypunch operator for Pacific Scientific Company in San Francisco.

Stall, a graduate of Balboa High School in San Francisco, is now employed as an electrician and lineman for Southern Pacific Railroad.

Wedding bells will be ringing July 15 for this couple.

Lynette Fishel, 16-year-old Westmoor High School junior, will represent Daly City in the San Mateo County Fiesta Dream Girl Contest and will reign over the city's Golden Anniversary Celebration October 7-14.

The shapely, brown-eyed brunette was selected as Miss Daly City from a field of five finalists last week at a Queen's Dinner at the Steak Pit.

avid reader of serious literature. In her spare time she picks up pocket money baby sitting.

"I didn't have any idea that I could win," Lynette said. "But I thought it would be fun to try."

Report Terra Nova Blvd. Grading Over Next Week

Grading of the southeast side of Terra Nova boulevard is set to begin this week by the city, after several months of negotiation. The work is expected to be finished some time next week.

This is the gist of an oral report Dist. Supt. Edward Morgan gave trustees of the Jefferson Union High School Monday night. Grading on the other half of the street has already been done by the district. When completed, the district will dedicate its half of the street to the city, and then the city will take over the problem of maintenance. Grading has proved a major problem because of the terrain.

Morgan also gave the board a favorable report on progress of Terra Nova Highway project, especially on problems of utilities. Among them, Morgan reported that the North Coast Water District has agreed to install the 8" water pipe (main transmission), in place of the work being done by Larsen & Son, general contractors, thus saving the district about \$4,000, or almost 50 per cent.

Morgan gave the board copies of a letter he had written to City Engineer William Chapman, thanking the city for beginning grading work on Westmoor Park.

The board also received written notice from California Teachers' Assn. that Public Schools Week next year will be from April 30 to May 4, instead of the last full week in April, because of the conflict with the Easter vacation.

'Blotter' Reports Bomb Scare, Thefts, Success

A bomb threat, industrial and church thefts, and a note of family success are news items among recent Daly City Police Department "blotter" listings.

An apparent prank telephone bomb threat to John Fulger, 428 Lakeshire drive, brought three policemen in search of explosives.

After a thorough search, the investigation was declared "negative." Fulger can think of no reason why anyone would want to bomb his residence, and the male voice with "Spanish" accent is considered a prankster.

Daly City Police Officer John Coleman recently discovered opened shed doors and severed locks at the Reco Electric Company, 6783 Mission street.

Later, Reco representative Roy Foster, 536 Hillside boulevard, Daly City, affirmed that a bolt cutter was used to sever the locks, and \$334.25 was stolen from the Mission street shed.

Among missing property are two 100-foot lengths of black twisted cord, one set of electrician's tools and 32 boxes of paramite house wire.

A typewriter and film strip projector, valued totally at \$140, were stolen recently from

Accident Rates May Increase As Children Get Vacations

As California schools close for the summer, Robert McCarthy, State Director of Motor Vehicles, says there will be over three-and-a-half million kids in and about millions of California's motor cars as they take off on the highways for the holidays.

"The youngsters feeling their vacation oats can make distracting passengers and tour directors for parents, relatives, and friendly hosts driving them about on the innumerable vacation pursuits available in the Golden State," the Director declared in Sacramento today. "Equally important is an

alert to watch for kids as pedestrians—playing close to the street, sometimes all too forgetful about the hazard of running into the street.

"California motorists, parental and otherwise, can save lives and help make the good old summer time really memorable by a valiant and effective effort to keep accidents out of the picture.

"This means cutting down on the speed factor, and stepping up the warning signal alerts for turning, slowing and stopping. There are no substitutes for these cautions," McCarthy said.

THESE FIVE students will participate in the graduation ceremonies of 330 students from Westmoor High School Thursday night. They will appear as either speakers or recipients of awards. Drowning Can Happen To All; Takes 6,400 Lives

Drowning victims are not by a long sight just little children or showoff teenagers.

And most victims are not swimming in the water when they fall prey to a killer that takes roughly 6,400 lives a year.

The National Safety Council pointed to those frequently twisted facts as two of the misconceptions many persons have about drownings.

Reason the Chicago-based safety organization, created in 1913 to prevent accidents of all kinds, is trying to dispel such misconceptions:

"So no one will be lulled by false facts into thinking—over the Fourth of July holiday or any time in the year—that because he's in the prime of life, or just walking near water, he is in no danger of drowning," explained Ralph Kuhl, NSC director of public safety.

Kuhl said many grown persons—nearly 1,500 who are between 25-44 years of age alone—drown each year. Four out of five victims are males. And only about 2,400 of the year's 6,400 drownings happen to persons swimming or playing in the water.

The safety man's observations came as the nation was busy preparing for Fourth of July. The holiday, which falls on Tuesday this year, will last four days for some persons, one day for others.

If, despite all your precautions over the holiday, a water emergency should arise, what does Kuhl recommend you do?

—Throw a person struggling in the water anything that will float—a board, branch, large thermos jug.

—Or, hold something out to him—an oar, branch, end of a piece of rope, even a sweat shirt.

Best way to help make sure such emergencies don't occur?

"By learning to swim," Kuhl believes. "Even if you're middle-aged, you're certainly not past danger from drowning—and neither is it too late for you to learn to swim," he said.

Bob Hembree Is New Lions Club President

Bob Hembree is new president of the Lions Club of Pacifica. The club's recent installation ceremonies were held at Nick's Rockaway.

More than 75 Lions, wives and guests witnessed the impressive installation ceremonies in which International Counselor Robert Dallison of the Palo Alto Lions Club acted as installing officer.

Others elected include Mario, first vice president; John J. McCoy, second vice president; Vernal Vickers, third vice president; Ron Colotto, recording secretary; Hollis Sweeney, corresponding secretary; Barry Taylor, treasurer; Tom Adair, tail twister; Ed Sterrett, Lion Tamer; Ernie Winther, director and William H. Wolf, director.

Terms of present directors Robert Folger, Frank Labor, Dan Cozzi and Ed Greer did not expire.

Mario Torrigino was selected as "Lion of the Year," and was presented with a plaque by last year's winner, Sweeney. Assistant Superintendent of the Laguna Salada Schools.

Mrs. Florence Bedford received the Edward Farrell award, commemorating the interest and work she and her deceased husband, Frank, did in the field of youth welfare.

Cornell H. Vander Meer, outgoing president, summarized Lion activities over the past year by stating more than \$5500 had been expended in the community for services and humanitarian needs.

Vander Meer affirmed that over 75 separate services were performed during the year, including aid to needy families, purchase of eye glasses for the needy school children, and awarding four scholarships to Pacifica High School seniors.

State Will Acquire Gazos Creek Mouth

A total expenditure of nearly \$200,000 for a number of projects, mostly angling access, was approved by the Wildlife Conservation Board at its meeting recently in Sacramento.

One of the larger projects was for angling access to Lake Tahoe, for which a sum of \$49,300 was allocated. The board bought land at the old fish hatchery site near Tahoe City in 1951. The parcel consists of about nine acres with 150 feet of lakefrontage.

Fishing in Lake Tahoe is now being improved by the Department of Fish and Game and the time was deemed right to construct a boat launching ramp, parking area and sanitary facilities.

In order to enhance the silver salmon run on north coastal streams, the WCB voted to spend \$49,000 on an egg-taking facility on the South Fork of the Noyo River.

Coastal angling access came in for its share of attention by the board, which approved development of access to the sea on Highway 1 at the mouth of Gazos Creek in San Mateo County. The land is to be acquired from the Division of Highways.

Another coastal project approved was rehabilitation of a municipal wharf at Monterey for use as a public fishing pier, under the board's policy of seeking piers suitable for this purpose. The expenditure at Monterey would amount to \$40,000.

DALY CITY SCULPTOR GIVES STATUE TO JFK

A modern mosaic-redwood statue is traveling to Washington D.C. for the personal collection of president John F. Kennedy.

The five-and-a-half-foot "Madonna and Child" is the effort of Daly City artist Christian Le Besque, 94 Elmwood drive, and was completed only a few months ago.

"What has greatly impressed me is the sincerity and truth which President Kennedy has shown. I believe he's trying to do the right thing for all people in the world," Le Besque stipulated.

Thus grew a desire, so relates the artist, to present to the president his "Madonna and Child," his symbol of international motherhood and childhood innocence, to the living symbol of world peace.

Le Besque applied to donate his statue to the president, and only a week ago received a reply from the president's representative John J. McNelly Jr.,

which read in part, "And I am happy to accept your work in the name of the president for his personal collection."

Le Besque is a San Francisco and Daly City artist who has painted for 18 years, and only in the last seven has worked in sculpture.

At one time, the artist relates, he assisted Benny Buffano at the latter's North Beach studio, and since then has worked by himself in sculpture. Le Besque also studied under Luce Labaet in San Francisco.

The Daly City artist works at Luce and Company meat jobbers, Kansas at 16th streets in San Francisco, as a salesman. He lives with his wife and three children on Elmwood drive.

Vacation Bible School Slated By Westlake Southern Baptists

"What shall I do to help my child have a happy and profitable summer?"

This is a question many are asking at this season of the year. Westlake Southern Baptist Church is seeking to answer that question with a two-week Vacation Bible School to be held June 19 through 30, Monday through Friday, from 9 a.m. to 12 noon. Ages for the school are 4 through 16.

Registrations will be taken this Saturday morning at 9 a.m. June 17, at preparation day. Boys and girls are to come for two hours for this registration, introduction to the daily program, a period in each of the departments, and a motor parade through the community to advertise the school.

Some of the activities the children will enjoy are Bible study, worship, music, character stories, handicrafts, mission study and refreshments. There will be a chance for parents and friends to observe what the boys and girls learned at "Parents' Night" program on Friday night, June 30 at 7:30. Creative activities displays will be in each department from 6:30 until 7:30 when the program begins.

There is no fee for the school, but a free will mission offering is taken each day in the departments to give the privilege of learning the blessing of giving to missions.

Lutherans Plan Oakland Confab

Bethel Lutheran Church, of San Francisco, will be represented at the 48th convention of the California and Nevada District of the Lutheran Church—Missouri Synod by its pastor, the Rev. Herbert P. Schroeder.

John Brooks has been elected to serve as the lay representative of the congregation. The convention will hold its sessions in Concordia College, Oakland, June 19-22.

The convention will open with a divine service on Monday morning in Redeemer Lutheran Church, Oakland. Delegates from northern California, Nevada, and Hawaii will hear Dr. Arthur C. Nitz, a vice president of the Lutheran Church—Missouri Synod, preach the sermon.

During the service, delegates also will be invited to declare their unit of faith by participating in the celebration of the Lord's Supper. The Rev. Frank A. Haedick, pastor of Redeemer Lutheran Church, will serve as liturgist for the convention service.

A chief item of interest will be the official reception of the Hawaiian contingent as members of the district. Up to this time, work in the Islands has been administered by the parent Lutheran Church—Missouri Synod, but strong ties developed in recent years between the churches in Hawaii and those in northern California have led to the proposed merger. Additions of the churches in Hawaii has prompted a suggestion to change the official name of the district.

Also engaging the close study of the convention will be an essay by Dr. J. A. Preuss of the staff of Concordia Seminary, Springfield, Illinois. The essay is expected to provide some guide-lines within the Lutheran Church—Missouri Synod in the growing controversy rocking much of Protestantism on the place of the Bible in the modern church.

The convention will close Thursday afternoon.

PASTOR MARTING OFF TO HAWAII FOR NEW MISSION

After a period of service of ten years as Pastor of Hope Lutheran Church, 55 San Fernando Way, Daly City, the Rev. Louis C. Marting has accepted the position as first pastor of a new Lutheran Mission at Aiea in Hawaii. He and his family will sail for Hawaii on July 1.

In 1951, Pastor Marting came to the Daly City area after serving Lutheran congregations in San Lorenzo and Ukiah, California, and in Enterprise, Oregon. First services in this area began in 1949 in the Broadmoor Community Center. Five years ago the congregation acquired the present one-half acre site on San Fernando Way in the St. Francis Heights area, and under the leadership of Pastor Marting constructed the present church which has received so many noteworthy commendations both in national and international magazines.

During this period of time the congregation has grown from a group of 20 people to a family of almost 500 souls.

The pastor's new field of service is in a rapidly developing area a few miles from Honolulu. He will serve as the first

Rev. Louis Marting

Pastor Marting will preach his farewell sermon on June 18. After the 11 a.m. service a reception and tea for the public will be held at the church. After attending the district convention of the Lutheran Church—Missouri Synod in Oakland, the Marting family will sail on the Lurline July 1 to begin their new field of service.

SM Doctor Doing Experiments on Heart Stimulation

Medical research to prevent shock reactions that sometimes follow heart surgery is being conducted at Presbyterian Hospital, San Francisco, with initial support from the San Mateo County Heart Association.

Dr. Arthur Selzer, San Mateo, director of the Cardiology Laboratory at Presbyterian, is investigating the use of digitalis, a basic heart stimulant, in helping patients recover from operations on the heart.

Although most patients make a successful return to health after heart surgery, physicians have noted that some patients, in the first 24 hours after surgery, show potentially dangerous symptoms.

Such signs as shortness of breath and a fall in blood pressure may indicate weakened heart muscle, which can be helped by digitalis, or some other condition in which digitalis would be useless or damaging.

Working with experimental animals, Dr. Selzer is running a series of tests to find out under what rigidly controlled surgical conditions digitalis is needed to stimulate heart beat. In these tests, Dr. Selzer is using a battery of electronic and mechanical instruments which measure heart and lung functions.

DC Bearing Busters Collect Cancer Money

The Bearing Busters of Daly City received civic applause recently when the American Cancer Society formally thanked them for their door-to-door fund raising campaign in Bay Shore.

Said the Cancer Society: "It is well for us to remember at all times that while in many areas famous personages conduct elaborate shows . . . and raise large amounts of money, it is the ordinary citizen, such as you and I, that is the backbone of the American Society."

The Bearing Busters are a new young men's group. In their campaign, 17 members collected \$50 for the American Cancer Society.

TV and RADIO

By Mona Baker

"PM East-PM West"—it's happened—at long last a San Francisco originated program goes coast to coast! Premiering this week, a bright new show (PM West produced at KPIX by WBC Productions, while PM-East is produced in New York) will be seen in cities throughout the United States, and locally over Channel 5 (week nights, 11:15 p.m. to 12:45 a.m.).

Present at an elegant press luncheon to launch the show were stars of "PM East," Joyce Davidson and Mike Wallace, and San Francisco's own Terence O'Flaherty, who will host "PM West." The eastern part of the show will emphasize idea topics, while the western show will highlight personalities and entertainment performances.

Watching a preview of the first show, we found it quite entertaining, all the time wishing it were on earlier in the evening. Mike Wallace is a dynamic, intelligent personality with an excellent voice and straightforward approach. Beautiful blond Joyce Davidson gives the right balance—also highly intelligent, she adds to the program a lightly feminine and subtly humorous touch. She has a warmth and genuineness about her that is so evident when meeting her. As women will, we discussed clothes, and she told us that although a night show does require a rather extensive wardrobe, she plans to wear suits and change the neckline with jewelry and scarfs.

San Francisco's portion of the show, emphasizing the famous city's exotic scenic attractions as well as popular entertainment features and personalities, is ably hosted by Terence O'Flaherty and skillfully produced.

Memo to San Francisco Chamber of Commerce and travel agencies: "Be ready—we can foresee swarms of tourists from all over the United States descending on San Francisco 'simply dying to meet' the famous people and see the exciting places featured on "PM West."

This has been a busy week for us meeting visiting personalities from the East. Over coffee and freshly-baked mouth-watering rolls, we chatted with Ruth Andre, popularly known as Ann Pillsbury who guested on KRON-TV's "Science in Action." A charming personality and extremely successful business woman, she directs a staff of 50 at Pillsbury Company's Home Service Center.

This is the final show of the current season for "Science in Action." Watch for exciting news about the award-winning show in the fall when the program, which is now syndicated, will be seen in many cities throughout the United States. Popular host for the show is Dr. Earl Herald, who has been a local resident for many years.

Mateo. Judy, 19-year-old Redwood City beauty, is Fiesta "Dream Girl," a title she holds until July 20 when her successor will be chosen to reign over the nine-day 1961 festivities.

The famous King Sisters will head the entertainment bill and the Industrial Products Show will feature the Polaris missile.

VA Gives Orphans Educational Help

Children of deceased peacetime veterans may be eligible for Orphans' Educational Assistance, Glenn Corbett, manager of the Northern California VA Regional Office, said today, providing their veteran-parent died of disease or injury incurred or aggravated in line of duty during active service.

This program, originally called the War Orphans' Educational Assistance Program, was amended by Congress to include those children whose deceased parent had served in the period just before or after World War II, and since the Korean Conflict, with no service in actual war periods.

Full information on any phase of the program may be obtained from any VA office.

SF Coaches Tourney At Swanson's Bowl

Armand Quartini of James Denham High School won the First Annual San Francisco Coaches' Association Bowling Tournament held at Swanson's Westlake Bowl.

On a "blind average" handicapping basis, he registered a 642 total to beat second-place Barney Greenberg of A. P. Giannini Junior High by 33 pins.

Incoming president Ernie Domemus of George Washington High School registered a tripartite series, shooting 118 in each of the three games.

At the conclusion of bowling a buffet was held at which prizes were presented to all 50 contestants by Chairman Ed Cassilago and President Dick Murray.

It's News To Veterans

QUESTIONS AND ANSWERS

Q.—Is it true that the VA has patients in some non-VA hospitals?

A.—The VA uses some beds in Federal hospitals under the Department of Health, Education and Welfare. Besides beds in non-VA Federal hospitals, the VA may authorize care in non-Federal hospitals for veterans with service-connected disabilities, under certain conditions.

VA Officer Tells Many Problems Veterans Have

Veterans or members of their families receiving pension or compensation checks have some problems to watch out for, San Mateo County Veterans Service Officer, Floyd D. Granger declared recently.

There are scores of such problems, he emphasized, and he urged check recipients to contact this office, at The Courthouse, Redwood City, Emerson 9-1441, Ext. 221, for skilled assistance in solving them. The office is maintained by this county, in cooperation with the State Department of Veterans Affairs, to serve veterans in both federal and state benefit matters.

Some of the "problems" he described are as follows:
One example would be a case in which veterans, dependents or survivors receive checks to which they know they are not entitled or are no longer entitled. Either return them or ask the service office to contact the Veterans Administration about the check; don't cash it and spend it, for sooner or later it would have to be repaid. A check smaller in amount than that to which a person is entitled may be cashed without endangering your right to the correct amount. Here again the service officer can help you in contacting the VA.

Failure to notify the VA of actual or anticipated income above the stated limits for pension qualification is another problem. A pensioner will not lose anything by notifying the agency, through the service office if desired, that his income for the year will probably exceed his limitation. If at the end of the year it has not, he will get all pension payments that were withheld.

But if he does not send notice that his income will be above the limit, at the end of the year he will be obligated to repay the full year's pension payments. Such repayment is not asked where prompt notice of excess income has been received; the VA simply stops pension payments for the rest of the year.

These are only a couple of examples of "problems." The service office will help you with these and any others in the area of veterans benefits.

Although Supervisor James V. Fitzgerald told Callan Park developers last week that they would be expected "to pay your own way," in reference to planning and providing for capital improvements and various sites, he didn't mean that the county was not interested or willing to help in making Callan Park a fine community.

Fitzgerald told Bert Williams, a co-developer and representative for the Callan interests that the county will create a service district to take care of police protection, fire protection, library facilities, and recreation needs, but that the developers must plan various site areas, and for necessary capital improvement, and not depend on the county's help solely.

Williams told Fitzgerald he saw "no major problem" for the developers in meeting the supervisor's demands.

Edison 3rd Graders End Nutrition Study

Students in Mrs. Sherin's third grade at Thomas Edison School have just completed a study of nutrition.

During this study the class used the scientific method and did research with four live white mice. They formed the following hypothesis: We need good food to be healthy.

One experiment lasted three weeks and showed dramatic changes in the mice receiving a poor diet. The children kept charts on changes in the mice and observed them daily.

Reports were made about the project and were shared with other classes in the school and additional research in nutrition was done by the students. After the experiment was completed, the mice on a poor diet were returned to a good diet.

Others were Mrs. A. W. Richter, for the third time; Alvin Richter and Joseph D. Boitamo for the second, and Ernest Zilmann for the first time.

Q.—Because of my income I am not entitled to the VA pension, although my deceased husband had the required wartime service. Are my minor children by my deceased veteran husband eligible?

A.—Yes, minor children may be eligible even if the mother is not.

Q.—More than 20 years ago I was rated totally disabled for pensions benefits. Can my disability be now ruled as not permanent and total?

A.—No, your present rating will last your lifetime.

Q.—Is it possible for a man to have first priority for VA hospitalization without actually serving on active military duty? I have heard of such a case.

A.—Yes. Certain very few inductees or enlistees of World War I, World War II, and the Korean Conflict who did not enter active duty may be entitled to hospitalization under the first priority group. To be eligible, they must have incurred disabilities not the result of their own misconduct while en route under orders to report to a place for final acceptance, inductance, or entry upon active duty, or while at such place or en route home.

Safety Council Opens Up Drive For Safe July 4

The National Safety Council has opened a double-barreled Fourth of July safety campaign aimed at traffic accidents and drownings.

"Everyone deserves a safe, happy Fourth of July holiday," said Howard Pyle, NSC president. "It is up to all of us to help make this possible by eliminating accidents on the highways and waterways of our nation."

"Though traffic accidents are still the nation's prime killer, they were outnumbered in some states by drownings over the last Fourth of July holiday."

Last year's Fourth of July holiday traffic toll was 440 lives. Drownings and boating mishaps claimed 160 lives. Other accidents, including fire-works, firearms, heat exhaustion and falls killed more than 100 persons.

"The Fourth of July is almost always celebrated outdoors," Pyle said. "This means travel, swimming and sporting events, coupled with their inherent hazards. To get the most out of all these activities we must remember safety—safe driving and safe play means going by the rules for the protection of yourself, your family and others."

Williams told Fitzgerald he saw "no major problem" for the developers in meeting the supervisor's demands.

S.F. State Outdoor Camping Program Now Taking Signups

Camp Leonard, San Francisco State College's outdoor education center in Sierra County, will again offer its two-fold program as a summer camp and college campus.

Located in the Sierra Buttes Recreation Area of the Tahoe National Forest, Camp Leonard will serve as a center of instruction for thirty selected students majoring in education and recreation.

The focus of the program is the resident camp for boys and girls, age 9-13 years; and the pack trip for boys and girls, age 13-15 years. Two three-week sessions are conducted with 60 youngsters in each. College students serve as the counselor staff under the guidance of college faculty members.

The camp activities include swimming, hiking, nature exploration, crafts, fishing, archery, trapping, goldpanning, campfire programs, dramatics, folk dancing, story telling and singing.

Children are accepted on a first come, first served basis until camp quotas are filled. Camper applications for this year's sessions, June 26 to July 14, and July 17 to August 4 may be obtained from the Coordinator, Camp Leonard, San Francisco State College, 1600 Holloway Avenue, San Francisco.

EVANS, BEELER EACH WIN TWO T. NOVA MVP'S

Bob Evans and Jim Beeler each were twice selected by their team mates for Most Valuable Player awards during the 1960-61 school year at Terra Nova High School.

Evans received the honor in football for his two-way duty at tackle, and also won the award in wrestling, while Beeler received the honors in track and cross country. Beeler is an outstanding distance runner.

Monte Person received the vote of his peers in golf by shooting consistently in the low 70's and 80's, and Manuel Pick led the varsity basketball team in virtually every statistical department to receive the MVP award in cage competition.

Baseball's Most Valuable Player award went to Don Kato, who had a 4-1, win-loss record as pitcher, and batted .484 as outfielder. He led the team in total bases, homeruns, and runs batted in.

All MVP winners are juniors, as Terra Nova will graduate its first senior class next June.

SPEEDING

Speeding on United States streets and highways last year killed 10,970 men, women, and children, points out the National Automobile Club.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

Don Estlund of the Second Missile Battalion League was right on target last week as he came through with a 243 game, which is A-okay in any league.

The fairer set was led by Betty Coriarty, who missed a 600 series by only nine pins, including a 212 game. Virginia Lund bested the 200 mark with a 201 game and 570 series, and 570 was also the magic number for Pat Marks as he needed three strikes to hit the 600 mark but left the 1-2-4 pins on the first ball in the 10th frame.

The Juniors are off and rolling once again. With the Tuesday leagues starting at 4 p.m. until the start of vacation, the boys and girls now move to a 9:30 starting time on both Tuesdays and Saturdays. There are still a few openings, according to Secretary Steve Hargrove.

With trophies to be awarded in eight divisions, the First Annual Family Doubles Tournament continues to pick up steam. Jerri and Ed Morris, competing in the Father and Daughter Division, continue to hold their early lead, while the leaders in some of the other divisions changes almost daily.

The next Powder Puff Derby for June is scheduled for Monday, June 26, at 1:15 p.m.

The Junior trophy presentation banquet took on a naval touch as Chief Bob Granger, local Navy recruiter, was on hand to show movies of the nuclear powered Polaris submarine—much enjoyed by boys and girls and parents. Over 200 were on hand for the two presentations.

Westlake teams which qualified in the Bowling Proprietors' Association Sectionals here are practicing for the Regional Rolloffs in San Carlos next month. Captain Boyd Hillier of the Westlake Bowl team, which placed highest in the sectionals, reports that his team is scheduled to bowl in San Carlos on July 1 at 4 p.m.

Don Wroten's is the latest name to be added to the Westlake League Champion Perpetual Trophy as he held off the other seven contenders during the gruelling 16-game finals. Finishing with a Petersen Point total of 85.22, he maintained an average of over 200 for the 16 games. In addition to having his name engraved on the perpetual trophy, Don received a personal trophy plus a check for \$100.

Tony Gogliandro placed second, worth \$75, while Sam Williams took the \$60 third place prize. Now that the men's champion has been decided, the next order of business is to determine the ladies' champ. The qualifying round continues through next Sunday evening, with Doris Cunningham leading the early shooters with a total of 1,112.

Everything was "rosy" in the banquet room last Thursday night as Dorothy Moyle, "the bowlers' favorite sponsor," hosted her entire league to an evening of dinner and gift presentations. A good time was had by all.

Ed Cassilagio was chairman of an "Education in Reverse" bowling buffet last Friday as 60 members of the San Francisco Schools Coaches' Association were on hand for an afternoon of learning to bowl followed by a buffet. Ed had prizes for almost all those participating.

25 Bay Area Girls Vie For Title As RC Rodeo Queen

Twenty-five Bay Area high school girls representing 14 different schools will enter the first phase of judging for the 22nd Annual Redwood City Rodeo Queen Contest this Saturday at 2 p.m. at the William Hickey estate in Woodside.

The girls, competing for a \$500 college scholarship and the right to reign over the July 2-4 Redwood City rodeo, will be judged on horsemanship with the public invited to witness the riding. Hiram King of Redwood City is chairman of the horse judging panel.

On the following Saturday, June 24, the girls will be judged on poise, personality and beauty in formal at the Queen's Ball in the American Legion Hall, Redwood City. The ball, also open to the public, will begin at 9 p.m. with dancing to the music of Jerry Thomas and his orchestra. The Queen will be crowned about 11 p.m. by 1960 Queen Diane Wallace of Gilroy.

Pacific Marine Gets Promotion, Uniform

He competed with 70 recruits for the award which is given to outstanding Marines in recruit training by Leatherneck Magazine.

FUN CAMP SET FOR WEEKEND

During the coming weekend, Scouts of the San Mateo County Council will, along with their Patrol Dads, enjoy a "Fun Camp" which is to be held at a private estate in the redwoods, lying northwest of Fairfax in Marin County.

Many Scout troops from the Daly City and surrounding vicinity are expected to participate in this event.

PAL YANKS, TEXACO, SO. SUNSET RETAIN DC REC DEPT LEADS

Results of games in the Westmoor Division of the Mid-geet League this week shows the PAL Yankees riding high, as Steve Kirby of the Yankees smashed out 3 for 3 including a home run against the Mis-racks Mustangs.

Verducci of the Mustangs almost matched his feat but had to settle for a long triple. PAL Yankees 10, Misracks Mustangs 3.

Streeter of Totos Midgets led the way with 3 for 4 as his team knocked over the Holy Angels Lions, 6-4.

In a game not reported last week the BYA Dodgers Art Colvin defeated the Misracks Mustangs, 6-1. This week the Dodgers edged out their arch rivals the BYA Blazers before a large crowd at Colma Diamond. A two run error by the Blazers and the pitching of Big Dennis Dickey earned a 4-1 victory for the Dodgers.

In the Jefferson division play, the hard hitting BYA Tigers knocked off Park-merced, 12-8. The Tigers gave Parkmerced pitcher Ricky Grosse their version of "Nightmare Alley." Joe Farrell 3-4, Mike Miller 3 for 4, Lonnie Alfano 2 for 3, Barry Perrone 2 for 3, and Nick Kosturas 3 for 5.

Visitation downed the OLM Cardinals, 4-2. Ventura, O'Brien and Cyerwonka of Visitation all hit 2 for 3.

Bob Nolan and Claude Munday combined their pitching talents to produce a no-hitter against the Holy Angels Colts. The PAL Redsoxs collected 18 hits for 31 runs as they routed the Colts, 31-1.

Junior Team League play saw league-leading South Sunset on top with a win over OLPH, 9-3.

New Pisa also used OLPH as a rung on the ladder as they climbed into second place. To New Pisa relief pitcher Joe Richmond goes a great deal of the credit for the 3 to 1 win. New Pisa also dropped Mis-racks Juniors, 7 to 4, with some good plate work by Richmond, Jennings and Loo.

Daly City Drugs, while out-hit, came on to defeat Lago-marsino Juniors, 7 to 3. Lago-marsino Juniors rapped out 6 hits while the Drugs collected

5. Reserve second baseman Moura of the Drugs got 2 for 2. The OLM Gaels made a strong bid for the money as they dropped two strong teams this week. Tower Market could collect only two hits against them as they went under, 17-3. Three days later, Parkmerced fell victim to Pigot, Torre, Beltrano and company, 5-0.

Parkmerced recovered later in the week to come back and down Misracks, 6-3. Relief pitching by Rep Pendry and the big bats of Eddie Roseborough, Ken Pike and Fireball Maioney made the difference.

Misracks' discovered a new pitcher in 12-year-old Dennis Owens. Dennis struck out 16 batters and allowed only two hits as Misracks jumped into the win column at the expense of Tower Market. Misracks 6, Tower Market 3. BYA Art Colvin and OLPH had a real battle on June 6. The pitchers for both teams, Stefani (BYA), Graham (OLPH) threw one-hitters. The error department decided the game. Art Colvin BYA Juniors' defensive play gave them the 2-1 win over OLPH.

Daly City Drugs unloaded late in the week to show their full potential. Tower Market was on the receiving end of an 18 to 2 drubbing.

The Visitation Juniors, PAL champions and CYO champions, who are now engaged in State CYO playoffs, have dropped out of the Daly City Recreation Department Junior Baseball League. Their dropping out has forced the league to disregard all games they have played in the standings. This throws the league into a three-way tie for second place. The teams that hold wins over Visitation cannot count them in the standings.

San Bruno Golf Pro Speaks To Optimists

She also gave the Optimists a few pointers on how to improve their game. The meeting was held at Swanson's West-lake Bowl.

SPORTS REVIEW

Jeff, Westmoor Had Good Year

By LARRY RUIZ

High school sports for the 1960-61 year have concluded in Daly City with the termination of this spring academic semester (do I hear a cheer from the teachers' room?).

And perhaps a quick look back over the past year will reveal some significant achievements by the young men of our community.

Jefferson's Indians came through with a fine basketball campaign, led by forwards Garry Molossi and Allan Lee (upper right, No. 45), and center Hiram Sibley (lower left, No. 50), winning 23 and losing only four. Only league champion Capuchino kept Indian cagers from the Tournament of Champions in Berkeley.

In baseball, Westmoor took all the honors for their second consecutive Peninsula Athletic League championship, as outstanding athletes Barry Krohn, Jerry Christman, shortstop Rich Morales and Cornell Holmes led the attack.

Krohn and Christman shared the pitcher's mound and first base, and ended the campaign with a combination of 15 strikeouts to beat challenger South City, 4-2.

Both Christman and Krohn shared the Outstanding Athlete Award in basketball, baseball and best senior athlete.

Rich Morales, fine shortstop for Westmoor, received the PAL Outstanding Baseball Athlete of the Year Award by the coaches of the league. All four Rams (left to right, top photo), Christman, Morales, Krohn and Holmes were All-League choices.

Jefferson High's horsehiders also prospered in league selections as catcher John Souza, second baseman Mike Rovai and outfielder Rich Reitz made the first team.

In track, Jefferson's Anibal Davila (lower right) received the Outstanding Athlete Award from his teammates in both track and cross country.

While football did not bring home too many buckets of that golden glory, halfback Chris Hanson was outstanding throughout the Westmoor 4-3 campaign and was chosen by his mates as best player (upper left, No. 31).

In order, selected by the varsity baseball coaches of "north county," are the new PAL 1961 All-Stars:

Pos.	Name	Team	Ave.

Utility Infielder
SS—Robert Joost, Mills.....426

Honorable Mention
P-OF—Tadday, S.S.F. (4-2) 1.18

In addition to their great pitching records (.074 for Krohn is earned run average for seven-inning games), Krohn batted .351 in league contests and Christman whacked a .333 average at the plate.

It's great to see seven of 11 selections come from Westmoor and Jefferson (third place). South San Francisco (second place) had three selections in Hensley, Dombrowski and Cate, plus Tadday for honorable mention.

Joost of Mills was the PAL's leading hitter with .426.

We don't know how many of you out there in newspaperland are dragsters—boats and cars, that is. However, we keep getting releases on races in Fremont and other road and water-way associations.

For example, early entrants for drag boat races are being slated for June 18 at the Fremont Marine Stadium. They'll have Jack Davidson's "White Mist" from Sanger with Larry Schwaband at the wheel against two top contenders, "Purple People Eater," driven by Carl Deffthesen, and "The Thing," also with Deffthesen on board.

Also, news from Fremont Drag Strip is that the strip will enlarge its imported and sports car classes in the weekly Sunday races. Admission is \$1 for adults, starting time 9 a.m. for elims and 1:30 p.m. for finals.

If you "dig" this stuff, drop us a line, and we'll get more in the local press. OK?
